NAVYUG NAVACHAR FOUNDATION

(A Section-8 Company of IET Lucknow)

NAVYUG NAVACHAR FOUNDATION

Dedicated to Fostering,
Innovation, Creativity &
Entrepreneurship

OBJECTIVES

The Foundation's objective is to foster startups and innovative ideas from conception to successful enterprises. It achieves this by providing various forms of support, including co-working space, expert mentoring, advanced laboratories for prototyping and technology transfer, and financial assistance. Through this comprehensive support system, the Foundation enables startups to navigate the challenges of their early stages and thrive as successful businesses.

VISION

To be the premier incubator for innovative startups, fostering a vibrant ecosystem that empowers entrepreneurs to make a significant impact and drive sustainable development.

MISSION

To make a potential venue for Innovation, Incubation and the most preferred destination for sustainable development.
